

Psychosocial Services

Are you looking for counselling and support due to your mental impairment? Are you looking for psychiatric treatment?

WHO are we addressing?

- people with severe mental problems and/or psychiatric illnesses, above all those whose independent living is considerably impaired
- people over the age of 18 years
- the family members of those affected

WHAT do we offer?

- psychosocial and psychiatric counselling, support and treatment
- help in making contact with public authorities, clarification of the living situation, or assistance in case of financial difficulties
- advice for relatives
- preparation of expert statements for public offices and authorities as well as for applications for a supporting ward
- intensive case management (comprehensive follow-up support and day structure) in order to make it possible to stay in the social living environment, outside an institution

HOW do we do this?

One-on-one talks, talks with those affected and their relatives, group offers & home visits. In addition, we conduct regular talks (liaison services) with the regional psychiatric wards and have a network with other institutions in the social and healthcare sector.

If you need a translation of your counselling and you have no-one to assist you, we can offer you a video interpreter following prior appointment by telephone.

WHO are we?

At all PSS locations you will find multi-professional teams comprising social workers, consultant psychiatrists and/or general practitioners, at some locations additionally also psychiatric nursing staff, occupational therapists and psychotherapists.

Our support centres are located at the following addresses:
